NERVY APPLE PEDDLER.

Fut Rocks in Bottom of Peck Measure And was Caught, to His Sorrow.

There is an enterprising peddler at large who will undoubtedly land in jail if he does not reform. Short weight and short measure artists among the fraternity are numerous but it remains for this young merchant to improve up-

on old-time methods. He appeared at the residence of Mrs. Joseph A. Anderson, 354 west Fifth South, yesterday with a peck measure of apples for sale. Apparently Mrs. Anderson liked the fruit but did not take kindly to the measure. Consequently she handed him a standard peck measure she had in the house and told him to fill it. Mr. Peddler was inclined to demur at first but eventually took the measure and went out to the wagon. The next minute the young hopeful of the Anderson family came rushing in with the statement that "the peddler is filling the peck with rocks.' In due season the vendor of fruit appeared with a heaping measure of aples, when the following dialogue fol-

MUCH SIGNING TO DO.

Many Bonds to be Signed by Mayor Morris and Recorder Critchlow.

Mayor Morris and City Recorder Critchlow will have an opportunity to display their penmanship for the next few weeks by signing up all the city's refunding bonds which arrived today from the east for the signatures of the mayor and city recorder. The bonds refunded are an issue of the total sum of \$548,000, the contract for the refunding of which has been awarded to E. H. Rollins & Sons, of Denver, There re 5,480 bonds of the amount of \$1,000

The mayor and recorder must ac-cordingly sign their names 5,480 times to complete the signing of the bonds At a fair rate a person can sign and blot about four per minute and at that rate it will take the officials 28 hours d 10 minutes to do the work. Should hey put in two hours each day on the will take them just 14 days to ete it. After the bonds are signed they will be returned to Rollins

"THE WATER WE DRINK."

Condition of the Supply from Parley's Canyon at the Joint Building.

Engineer Lawrence today cleaned out he screen in the watermain which supplies the city and county building with water, and the collection of trash which had accumulated there was amazing. The screen is composed of three sections through which the water has to pass before it enters the pipes in the building, and it catches nearly all of the debris and prevents it from choking up the pipes throughout the building. The cleaning out today of the screen showed that the water of Parley's creek is in a very bad condition and should be thoroughly filtered before being used in households at all.

It was stated by the engineer today that the screen, which is his own patent, often catches frogs, angle worms, cigar and cigarette stumps which would otherwise circulate through the pipes on the building and cause much annoyance by choking up the pipes. The screen is cleaned out once or twice a week during this season of the year, and was not in as bad condition today as it has been on previous occasions of late. However it is an object lesson to any one who saw it and impresses one with the necessity of filtering the water before using it for any purpose what-

William Allen White's Clever Article-New O. R. & N. Publication.

William Allen White, the author who was recently in this section, has a splendid article on irrigation in Idaho in the current number of the Satho in the current number of the Sat-urday Evening Post, which is one of the best examples of gratuitous adver-tising that the State of Idaho and the Oregon Short Line have received. The article is given the place of honor both on the cover and inside and is appro-priately illustrated. Not the least in-teresting of the pictures is one showteresting of the pictures is one show-ing S. W. Eccles, W. H. Bancroft, D. E. Burley and Jay Trusty, Mr. Bancroft's former colored porter, standing in front of a veritable background of trout.

Another artistic boomer for the Harriman system is found in "Restful Recreation Resorts," a well printed and copiously interesting booklet compiled by Rinaldo M. Hall, a young eastern newspaperman who was brought west some time ago by General Passenger Agent Craig of the O. R. & N. The publication is devoted to beautiful spots on the Columbia river, mountains. spots on the Columbia river, mountains, beaches and inland resorts of the Pacific Northwest tapped by the Harriman lines. During the last two seasors Long Beach, Wash., has been patronized by a number of Utahns in search of a cool summer resort. It is to further set forth the charms of this delightful section that Mr. Craig is forwarding a number of copies of his later. warding a number of copies of his latest publication to Utah.

STRAWBERRY CARNIVAL. Brigham City Committee Waits on Ore gon Short Line Today.

A committee from Brigham City, consisting of J. D. Call, E. P. Horsley and Joseph W. Stohl, waited on the general passenger department of the Oregon Short Line this morning for the purpose of securing rates to the Brig-ham City Strawberry festival and car-nival to be held June 15-18 inclusive. The fastival has been arranged for the purpose of advertising the resources of Boxelder county, the residents of Brig-ham City claiming that they grow the finest strawberries in the state. In addition the committee interviewed the officers of the four stakes of Zion in this city with the object in view of entertaining the various Salt Lake M I. A's during the carnival. A rate of \$1.25 for the round trip good for four days was granted by the Short Line for the occasion.
